## Announcement

We are glad to announce that the Saudi Society of Rheumatology (SSR) will be registering all Rheumatology members – including fellows – for the ACR E-Congress 2020 that will be held virtually during November 5–9, 2020.

This step came after touching the high interest of our community of attending virtual activities during the current situation of COVID-19 pandemic, as well as to get the recent international scientific updates and guidelines in Rheumatological diseases' management.

Finally, we would like to thank Pfizer Saudi Arabia for their support to partner in this valuable program to better raise the capabilities and knowledge of Saudi Rheumatology community.
